PROFESSIONAL SUMMARY

Commercial leader and Data-Driven Manager with 5+ years driving sales performance, team leadership, and operational excellence in retail and distribution. Led teams of 3-8 people, implemented KPI dashboards in Power BI, and automated inventory reporting (60 pct time reduction). Additionally skilled in AI and ML automation. Seeking a remote commercial or operations leadership role.

KEY PROJECTS AND PORTFOLIO

AI Job Hunter Bot V7 - Autonomous 24/7 Agent [Python, LinkedIn API, Gmail API, OpenRouter, GitHub Actions]

- Full automation: scraping 9+ job platforms, LLM cover letters, Gmail with CV, anti-duplicate memory, 24/7 cloud deployment. This CV was sent using this bot.

Power BI Executive Dashboard - Retail KPIs [Power BI, DAX, Power Query, Excel VBA]

- Real-time KPI dashboards with RFM segmentation in production. Excel VBA cut reporting time by 60 pct.

FCH-ARX V4 - Original Cryptographic Algorithm [Python, C, NIST FIPS 180-4]

- Novel hash algorithm from scratch using ARX (Add-Rotate-XOR) with 26 rounds. Passed SAC-NIST: 49.95 pct avalanche (SHA-256 ref: 50.02 pct). Speed: 185 MB/s. Complexity: 2^256.

Algorithmic Trading with Deep Learning [PyTorch, LSTM, Backtrader, MLflow]

- LSTM model for SP500: 68 pct directional accuracy. Full pipeline with backtesting and MLflow tracking.

Multi-Agent Financial Analysis System (MCP) [Python, FastAPI, Docker, LLMs, GARCH]

- Distributed agents: data scraping (Alpha Vantage), GARCH volatility models, LLM report generation.

TECHNICAL SKILLS

AI / ML: Python (expert), scikit-learn, PyTorch, TensorFlow, LLMs, Prompt Engineering, Hugging Face

Data Engineering: SQL (advanced), PostgreSQL, ETL Pipelines, Pentaho, Airflow (concepts), Spark (concepts)

MLOps / DevOps: FastAPI, Docker, REST APIs, GitHub Actions CI/CD, MLflow, Git

Finance / Econometrics: Time Series (ARIMA, GARCH), Panel Data, Causal Inference, VaR, Backtesting

Business Intelligence: Power BI (DAX, Power Query), Excel VBA, Data Storytelling, SQL Server

Languages: Spanish (Native), English (B2 — technical reading/writing proficient)

PROFESSIONAL EXPERIENCE

Store Manager - Vasari Mozioni - Fashion Retail (Plaza) | 2021 - 2023

- Managed day-to-day store operations: inventory, visual merchandising, and customer experience for a premium fashion brand.
- Led a team of 5-8 sales associates; conducted weekly performance reviews and sales coaching sessions.
- Implemented a demand forecasting model using Excel to reduce stockouts by approximately 30 pct.
- Achieved top-3 regional store ranking for 2 consecutive quarters based on revenue targets.
- Coordinated with suppliers and logistics for product replenishment and promotional campaigns.

Commercial Advisor - Vamoret S.A. (Palmon Group) | Nov 2022 - Present

- Lead a team of 3 people in customer service and operational improvement.
- Designed executive Power BI dashboards with real-time KPIs, RFM segmentation, and DAX forecasting.
- Automated monthly inventory reporting with Excel VBA macros - 60 pct time reduction.
- Applied data analysis for pricing strategies and customer retention decisions.

Commercial Advisor - Hularuss S.A. (PepsiCo) | Oct 2018 - Mar 2021

- Managed a portfolio of clients using data-driven strategies (Excel + Power BI).
- Trained new advisors in negotiation techniques and NLP (Neuro-Linguistic Programming).
- Implemented inventory rotation and merchandising optimization at points of sale.

EDUCATION

B.Eng. Data Science & Artificial Intelligence — Universidad de Guayaquil | 2023 – Present (4th semester)

B.A. Economics — Universidad Técnica de Manabí (UTM) | 2021 – Present (7th semester, online)

★ Managing two simultaneous university degrees remotely — demonstrates exceptional time management, self-discipline, and commitment to continuous learning.

CERTIFICATIONS

- Python for Finance & Algorithmic Trading — Udemy (40h)
- SQL for Big Data — IBM (40h)
- Deep Learning Specialization — Coursera (in progress)
- LLMs & Prompt Engineering — DeepLearning.AI (in progress)
- Digital Marketing & Web Analytics — Google Activate (50h)
- Power BI for Data Analysis — Universidad de Guayaquil
